We can now offer producers access to the Lloyd & Partners Limited Terrorism Facility, available for all industry sectors and can be used to cover Property, Inventory and Business Interruption for up to USD100,000,000 for any one location.

War on land can be included for a limit of up to USD20,000,000 for any one location.

There are no territory restrictions and so unlike TRIA, we can cover international locations.

The facility is placed with certain underwriters at Lloyd's, utilising competitive market leaders in this sector.

With full underwriting information, we provide a fast and efficient service that ensures we can quote and bind risks within 24 hours.
